# 1 Identification

- **Product identifier**
  - **Trade name:** LipHter
  - **Relevant identified uses of the substance or mixture and uses advised against:**
  - **Product description:** Media Blend

- **Details of the supplier of the safety data sheet:**
  - **Manufacturer/Supplier:**
    Axiom Industries Ltd.
    2615 Wentz Ave.
    Saskatoon, SK, Canada S7K 5J1
    (306) 651-1815
    www.axiomind.com
  - **Emergency telephone number:**
    PERS Emergency Response: Domestic and Canada - 1-800-633-8253, International 1-801-629-0667

# 2 Hazard(s) identification

- **Classification of the substance or mixture:**
  - ![GHS08 Health hazard](image)
    - Carc. 1A H350 May cause cancer.
  - ![GHS07](image)
    - Skin Irrit. 2 H315 Causes skin irritation.
    - Eye Irrit. 2A H319 Causes serious eye irritation.
    - STOT SE 3 H335 May cause respiratory irritation.

- **Label elements:**
  - **GHS label elements**
    The product is classified and labeled according to the Globally Harmonized System (GHS).
  - **Hazard pictograms:**
    - ![GHS07](image)
    - ![GHS08](image)

- **Signal word:** Danger

- **Hazard-determining components of labeling:**
  - Calcium Carbonate
  - Quartz (SiO2)
  - Magnesium Oxide

- **Hazard statements:**
  - Causes skin irritation.
  - Causes serious eye irritation.
  - May cause cancer.
  - May cause respiratory irritation.

- **Precautionary statements:**
  - Avoid breathing dust/fume/gas/mist/vapors/spray.

(Contd. on page 2)
Use only outdoors or in a well-ventilated area.
Wear protective gloves.
Wear eye protection / face protection.
Wash thoroughly after handling.
Obtain special instructions before use.
Do not handle until all safety precautions have been read and understood.
If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
Specific treatment (see supplementary first aid instructions on this Safety Data Sheet).
IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.
Call a poison center/doctor if you feel unwell.
IF exposed or concerned: Get medical advice/attention.
If skin irritation occurs: Get medical advice/attention.
If eye irritation persists: Get medical advice/attention.
If on skin: Wash with plenty of water.
Take off contaminated clothing and wash it before reuse.
Store locked up.
Store in a well-ventilated place. Keep container tightly closed.
Dispose of contents/container in accordance with local/regional/national/international regulations.

- **Unknown acute toxicity:**
  100 percent of the mixture consists of ingredient(s) of unknown toxicity.

- **Hazard description:**
  Magnesium compounds have variable toxicity. There is no evidence that magnesium produces true systemic poisoning. Particles of metallic magnesium or magnesium alloy which perforate the skin or gain entry through cuts and scratches may produce a severe local lesion characterized by the evolution of gas and acute inflammatory reaction, frequently with necrosis.

- **Classification system:**
  - **NFPA ratings (scale 0 - 4)**
    - Health = 1
    - Fire = 0
    - Reactivity = 0
  - **HMIS-ratings (scale 0 - 4)**
    - HEALTH
    - Fire = 0
    - Reactivity = 0
  - **Hazard(s) not otherwise classified (HNOC):** None known

### 3 Composition/information on ingredients

- **Chemical characterization:** Mixtures
- **Description:** Mixture: consisting of the following components.

<table>
<thead>
<tr>
<th>Dangerous Components</th>
<th>CAS: 1317-65-3</th>
<th>Calcium Carbonate</th>
<th>85-95%</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td>Skin Irrit. 2, H315; Eye Irrit. 2A, H319; STOT SE 3, H335</td>
<td></td>
</tr>
<tr>
<td>CAS: 1309-48-4</td>
<td>Magnesium Oxide</td>
<td>Skin Irrit. 2, H315; Eye Irrit. 2A, H319; STOT SE 3, H335</td>
<td>5-15%</td>
</tr>
</tbody>
</table>

(Contd. on page 3)
4 First-aid measures

- **Description of first aid measures:**
  - After inhalation: Supply fresh air; consult doctor in case of complaints.
  - After skin contact:
    - If skin irritation occurs, consult a doctor.
    - Wash with water and soap and rinse thoroughly.
  - After eye contact:
    - Rinse opened eye for at least 15 minutes under running water. If symptoms persist, consult a doctor.
  - After swallowing:
    - If swallowed and symptoms occur, consult a doctor.
  - Information for doctor:
    - Most important symptoms and effects, both acute and delayed:
      - Quartz: Can cause silicosis, a fibrosis (scarring) of the lungs. Silicosis may be progressive; it may lead to disability and death; inhaled from occupational sources is classified as carcinogenic to humans. Some studies show in workers exposed to respirable quartz excess numbers of cases of scleroderma, connective tissue disorders, lupus, rheumatoid arthritis, chronic kidney diseases and end-stage kidney disease, chronic bronchitis and emphysema.
    - Indication of any immediate medical attention and special treatment needed:
      - No further relevant information available.

5 Fire-fighting measures

- Extinguishing media:
- Suitable extinguishing agents:
  - CO₂, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
- Special hazards arising from the substance or mixture:
  - Magnesium oxide takes up carbon dioxide and water from the air. Combines with water to form magnesium hydroxide. May have a violent reaction or ignition on contact with inter-halogens.
- Advice for firefighters:
- Protective equipment:
  - As in any fire, wear self-contained breathing apparatus pressure-demand (NIOSH approved or equivalent) and full protective gear to prevent contact with skin and eyes.

6 Accidental release measures

- Personal precautions, protective equipment and emergency procedures: Not required.
- Environmental precautions: Do not allow to enter sewers/ surface or ground water.
- Methods and material for containment and cleaning up:
  - Ensure adequate ventilation.
  - Dispose of the collected material according to regulations.
- Reference to other sections:
  - See Section 7 for information on safe handling.
  - See Section 8 for information on personal protection equipment.
  - See Section 13 for disposal information.

7 Handling and storage

- Handling
- Precautions for safe handling: No special precautions are necessary if used correctly.
- Information about protection against explosions and fires: No special measures required.

(Contd. on page 4)
Safety Data Sheet (SDS)

Trade name: LipHter

- **Conditions for safe storage, including any incompatibilities:**
  - **Storage**
  - **Requirements to be met by storerooms and receptacles:** Store in the original container.
  - **Information about storage in one common storage facility:** Not required.
  - **Further information about storage conditions:** Keep receptacle tightly sealed.
  - **Specific end use(s):** No further relevant information available.

### 8 Exposure controls/personal protection

- **Additional information about design of technical systems:** No further data; see section 7.

#### Control parameters:

- **Components with occupational exposure limits:**

  **1317-65-3 Calcium Carbonate**
  - NIOSH: Short-term value: 5 mg/m³
    - Long-term value: 10 mg/m³
  - NIOSH TWA: Short-term value: 5 mg/m³
    - Long-term value: 10 mg/m³
    - Respirable dust
  - OSHA: Short-term value: 5 mg/m³
    - Long-term value: 10 mg/m³
  - OSHA TWA: Short-term value: 5 mg/m³
    - Long-term value: 15 mg/m³
    - Respirable fraction

  **1309-48-4 Magnesium Oxide**
  - PEL: Long-term value: 15* mg/m³
    - Fume; *Total particulate
  - TLV: Long-term value: 10* mg/m³
    - As inhalable fraction

  **14808-60-7 Quartz (SiO₂)**
  - PEL: see Quartz listing
  - REL: Long-term value: 0.05* mg/m³
    - Respirable dust; See Pocket Guide App. A
  - TLV: Long-term value: 0.025* mg/m³
    - As respirable fraction

- **Additional information:** The lists that were valid during the creation of this SDS were used as basis.

- **Exposure controls:**
  - **Personal protective equipment:**
  - **General protective and hygienic measures:**
  - **Breathing equipment:** Use suitable respiratory protective device in case of insufficient ventilation.
  - **Protection of hands:**

  ![Protective gloves](Contd. on page 5)
The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture. Select glove material based on penetration times, rates of diffusion and degradation.

- **Material of gloves:**
The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material cannot be calculated in advance and has therefore to be checked prior to the application.

- **Penetration time of glove material:**
The exact break-through time has to be determined and observed by the manufacturer of the protective gloves.

- **Eye protection:** Not required.

## 9 Physical and chemical properties

- **Information on basic physical and chemical properties**
  - **General Information**
  - **Appearance:**
    - **Form:** Powder
    - **Color:** White-gray
    - **Odor:** Odorless
    - **Odor threshold:** Not determined.
  - **pH-value @ 20 °C (68 °F):** 8
  - **Change in condition**
    - **Melting point/Melting range:** Not determined.
    - **Boiling point/Boiling range:** 3600 °C (6512 °F)
  - **Flash point:** None
  - **Flammability (solid, gaseous):** Not determined.
  - **Ignition temperature:**
    - **Decomposition temperature:** Not determined.
  - **Auto igniting:** Product is not self-igniting.
  - **Danger of explosion:** Product does not present an explosion hazard.
  - **Explosion limits:**
    - **Lower:** Not determined.
    - **Upper:** Not determined.
  - **Vapor pressure:** Not applicable.
  - **Density @ 20 °C (68 °F):** 2.68 g/cm³ (22.365 lbs/gal)
  - **Relative density:** Not determined.
  - **Vapor density:** Not applicable.
  - **Evaporation rate:** Not applicable.
  - **Solubility in / Miscibility with:**
    - **Water:** Soluble.
  - **Partition coefficient (n-octanol/water):** Not determined.
  - **Viscosity:**
    - **Dynamic:** Not applicable.

(Contd. on page 6)
**Trade name:** LipHter

**Kinematic:**
- Not applicable.

- **Solvent content:**
  - Organic solvents: 0.0 %
- **Solids content:** 100.0 %
- **Other information:** No further relevant information available.

**10 Stability and reactivity**

- **Reactivity:** No further relevant information available.
- **Chemical stability:** Stable under normal conditions.
- **Thermal decomposition / conditions to be avoided:** No decomposition if used according to specifications.
- **Possibility of hazardous reactions:** No dangerous reactions known.
- **Conditions to avoid:** No further relevant information available.
- **Incompatible materials:** Contact with fluorine, oxygen difluoride, and chlorine trifluoride will cause fire.
- **Hazardous decomposition products:** Magnesium hydroxide.

**11 Toxicological information**

- **Information on toxicological effects:**
  - **Acute toxicity:**
    - **LD/LC50 values that are relevant for classification:**
      - 14808-60-7 Quartz (SiO2)
        - Inhalative LC50/96 hours 1033 mg/l (Trout)
  - **Primary irritant effect:**
    - **On the skin:** Causes skin irritation
    - **On the eye:** Causes serious eye irritation.
- **Additional toxicological information:**
  The product shows the following dangers according to internally approved calculation methods for preparations:
  - Irritant

- **Carcinogenic categories:**
  - **IARC (International Agency for Research on Cancer):**
    "In 1997, IARC (the International Agency for Research on Cancer) concluded that crystalline silica inhaled from occupational sources can cause lung cancer in humans. However in making the overall evaluation, IARC noted that “carcinogenicity was not detected in all industrial circumstances studied. Carcinogenicity may be dependent on inherent characteristics of the crystalline silica or on external factors affecting its biological activity or distribution of its polymorphs." (IARC Monographs on the evaluation of the carcinogenic risks of chemicals to humans, Silica, silicate dust and organic fibres, 1997, Vol. 68, IARC, Lyon, France.) In June 2003, SCOEL (the EU Scientific Committee on Occupational Exposure Limits) concluded that the main effect in humans of the inhalation of respirable crystalline silica dust is silicosis. "There is sufficient information to conclude that the relative risk of lung cancer is increased in persons with silicosis (and, apparently, not in employees without silicosis exposed to silica dust in quarries and in the ceramic industry). Therefore, preventing the onset of silicosis will also reduce the cancer risk...” (SCOEL SUM Doc 94-final, June 2003)
  According to the current state of the art, worker protection against silicosis can be consistently assured by respecting the existing regulatory occupational exposure limits. May cause cancer. Occupational exposure to respirable dust and respirable crystalline silica should be monitored and controlled"
  - 14808-60-7 Quartz (SiO2) 1

- **NTP (National Toxicology Program):**
  - 14808-60-7 Quartz (SiO2) K

(Contd. on page 7)
12 Ecological information

- Toxicity:
  - Aquatic toxicity:
    - 14808-60-7 Quartz (SiO2)
      - EC50 218 mg/l (Green algae)
- Persistence and degradability: No further relevant information available.
- Behavior in environmental systems:
- Bioaccumulative potential: No further relevant information available.
- Mobility in soil: No further relevant information available.
- Additional ecological information:
- General notes: Not known to be hazardous to water.
- Results of PBT and vPvB assessment:
  - PBT: Not applicable.
  - vPvB: Not applicable.
- Other adverse effects: No further relevant information available.

13 Disposal considerations

- Waste treatment methods:
  - Recommendation:
    - Must not be disposed of together with household garbage. Do not allow product to reach sewage system.
    - Observe all federal, state and local environmental regulations when disposing of this material.
- Uncleaned packagings:
  - Recommendation: Disposal must be made according to official regulations.
  - Recommended cleansing agent: Water, if necessary with cleansing agents.

14 Transport information

- UN-Number:
  - DOT, ADR, ADN, IMDG, IATA: Non-Regulated Material
- UN proper shipping name:
  - DOT, ADR, ADN, IMDG, IATA: Non-Regulated Material
- Transport hazard class(es):
  - DOT, ADR, ADN, IMDG, IATA: Non-Regulated Material
- Class:
- Packing group:
  - DOT, ADR, IMDG, IATA: Non-Regulated Material
- Environmental hazards:
  - Not applicable.
- Special precautions for user:
  - Not applicable.
- Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code:
  - Not applicable.
- UN "Model Regulation":
  - Non-Regulated Material

(Contd. on page 8)
## 15 Regulatory information

- **Safety, health and environmental regulations/legislation specific for the substance or mixture:**
  - **SARA (Superfund Amendments and Reauthorization):**
    - **Section 355 (extremely hazardous substances):**
      - None of the ingredients are listed.
  - **Section 313 (Specific toxic chemical listings):**
    - None of the ingredients are listed.
  - **TSCA (Toxic Substances Control Act):**
    - All ingredients are listed.
  - **California Proposition 65:**
    - **Chemicals known to cause cancer:**
      - 14808-60-7 Quartz (SiO2)
    - **Chemicals known to cause reproductive toxicity for females:**
      - None of the ingredients are listed.
    - **Chemicals known to cause reproductive toxicity for males:**
      - None of the ingredients are listed.
    - **Chemicals known to cause developmental toxicity:**
      - None of the ingredients are listed.
  - **Carcinogenic categories:**
  - **EPA (Environmental Protection Agency):**
    - None of the ingredients are listed.
  - **TLV (Threshold Limit Value established by ACGIH):**
    - 1309-48-4 Magnesium Oxide
    - 14808-60-7 Quartz (SiO2) A4
  - **NIOSH-Ca (National Institute for Occupational Safety and Health):**
    - 14808-60-7 Quartz (SiO2)
  - **GHS label elements**
    - The product is classified and labeled according to the Globally Harmonized System (GHS).
    - **Hazard pictograms:**
      - GHS07
      - GHS08
  - **Signal word:** Danger
  - **Hazard-determining components of labeling:**
    - Calcium Carbonate
    - Quartz (SiO2)
    - Magnesium Oxide
  - **Hazard statements:**
    - Causes skin irritation.
    - Causes serious eye irritation.
    - May cause cancer.

(Contd. on page 9)
May cause respiratory irritation.

**Precautionary statements:**
- Avoid breathing dust/fume/gas/mist/vapors/spray.
- Use only outdoors or in a well-ventilated area.
- Wear protective gloves.
- Wear eye protection / face protection.
- Wash thoroughly after handling.
- Obtain special instructions before use.
- Do not handle until all safety precautions have been read and understood.
- If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- Specific treatment (see supplementary first aid instructions on this Safety Data Sheet).
- IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.
- Call a poison center/doctor if you feel unwell.
- IF exposed or concerned: Get medical advice/attention.
- IF skin irritation occurs: Get medical advice/attention.
- IF eye irritation persists: Get medical advice/attention.
- IF on skin: Wash with plenty of water.
- Take off contaminated clothing and wash it before reuse.
- Store locked up.
- Store in a well-ventilated place. Keep container tightly closed.
- Dispose of contents/container in accordance with local/regional/national/international regulations.

**National regulations:**
- The product is subject to be classified according with the latest version of the regulations on hazardous substances.

**State Right to Know:**
