Product Facts

Sentinel X300
System Cleaner for New Hydronic Heating Systems

Features & Benefits
- Removes oils, greases, flux residues etc.
- Preparers and protects metal surfaces
- Helps prevent pin-holing
- Suitable for all metals including aluminum
- Non-acid, non-caustic
- No neutralisation procedure is needed
- Easy to handle
- Manufactured under a quality system conforming to ISO9001

Application
Sentinel X300 has been formulated as a cleansing aid for new hydronic heating systems and those up to 6 months old. It will effectively remove excess flux residues, greases, oily contaminants, sludge and installation debris.

Sentinel X300 passivates the metal surfaces in the system and helps prevent copper deposition, which frequently causes severe pinhole corrosion.

Sentinel X300 is a neutral formulation that can be used in all types of indirect heating systems including those containing aluminum components.

Dosing & Feeding
1 quart of Sentinel X300 is sufficient to treat a typical residential system of 25 gallon. Larger systems should be dosed at 1% of system water. If the system is new, this should be at the time it is first filled. For best results, the water should be circulated at normal operating temperature for between 1-2 hours but no longer than 24 hours.

Physical Properties
- Appearance: Slightly hazy colorless to pale yellow liquid
- Odor: Mild
- Specific gravity: 1.23 (68°F)
- pH (concentrate): 7 (approx)
- Freezing point: 32°F

Packaging
- 1 Quart bottle
- 1 Gallon drum
- 5 Gallon drum

Safety Precautions
The information provided overleaf enables compliance with the Control of Substances Hazardous to Health Regulations. A full Safety Data Sheet is available upon request.

<tr>
<td><strong>Health Hazards</strong></td>
<td>Not for use in potable water systems. Not considered hazardous to health.</td>
</tr>
<tr>
<td><strong>Handling</strong></td>
<td>Avoid contact with skin and eyes. Keep out of reach of children and animals. Wash out empty container thoroughly with water before disposal.</td>
</tr>
<tr>
<td><strong>Storage</strong></td>
<td>Keep container tightly closed. Store in cool, well ventilated area.</td>
</tr>
<tr>
<td><strong>Spillage</strong></td>
<td>Flush spillage with plenty of water and wash to waste.</td>
</tr>
<tr>
<td><strong>Fire/Explosion Risks</strong></td>
<td>Non-flammable</td>

## First Aid

**Skin Exposure:**
Wash immediately with plenty of water. If irritation develops, seek medical attention.

**Eye Exposure:**
Flush immediately with plenty of running water. Seek medical attention.

**Ingestion:**
Rinse mouth with water. Do NOT induce vomiting! Seek medical attention.
